

PURE

WC seat and cover, duroplast, stainless steel hinges

TECHNICAL DRAWINGS

FEATURES

Pure seat and cover is made of the duroplast and it is offered with stainless steel hinges. We recommend it for floorstanding, wall-hung and combi toilets of the same series. The seat is light, strong in shape, the cover doesn't overlap the seat (so-called sandwich appearance), thanks to these features it is perfect in design. The maintenance of the toilet is simplified by the Quick system for easy assembly and disassembly of the seat.
